Charging Policy

Aims

This statement sets out the Schools approach to charging, describes each type of activity which will be charged for and explains when charges will be made.

Principles

- All nursery education provided within school hours will be free. This includes materials and equipment provided in school hours by the LA or the school. 'School hours' are those when the Nursery School is actually in session.
- All parents will be informed about school hours in the School Prospectus.
- The Schools invite parents and others from time to time to make voluntary contributions towards any part of the planned activities and to permit the provision of activities, which might not otherwise be possible. For example a suggested voluntary contribution of £1.50 per week provides for healthy snack times, baking, visitors, and additional 'special' resources and activities.
- General fundraising and sponsorship will also be used to permit additional activities. Parents will be informed of the decision to ask for contributions at the planning stage of activities.
- No pupil will be left out of any activity provided in school time because his or her parents cannot or will not make a contribution of any kind if asked to contribute.
- No charges will be made which exceed the actual cost when divided between the participants.
- When parents accompany pupils on an out of school activity, they will be asked to make a contribution towards the cost of transport and/or the activity, how much is dependant on availability of school funds to subsidise.
- Children eligible for Early Years Pupil Premium will receive a reduction in the price of out of school activities such as trips.
- Both Schools sell extended care places upon request and availability. There is no requirement to purchase any extended hours to access the free entitlement.
